

## FOUR STRIKE BREAKERS SHOT

One Possibly Fatally, in Indianapolis Teamsters' Strike

## GENERAL STRIKE NOT PROBABLE

As Some Employers Have Signed Scale and Men Return to Work To-day

Indianapolis, Dec. 6.—There will be no general strike in Indianapolis at this time. Teamsters whose employers have signed union contracts returned to work to-day.

This was decided late yesterday at a meeting of the teamsters' union which was addressed by Daniel J. Tobin, international president.

Terrorism broke out again in the teamsters' strike yesterday when in two assaults on strikebreakers four men were shot, one possibly fatally.

Besides a brick shower that was followed by the wounding of two Cincinnati strikebreakers, a new method of attack appeared shortly before noon when an auto load of men drove swiftly past a non-union wagon and two shotguns loaded with birdshot were discharged fairly in the face of the two non-union drivers, Jesse Sims, 18, and Walter Highbaugh, 21. Highbaugh's right eye may be blinded, but their condition is not regarded as critical.

Following a stoning the three strikebreakers on the wagon opened fire on the crowd and the strikers returned the fire, hitting B. E. Williams in the knee and ankle and Jacob Somenfield in the neck. So far as known no one in the strikers' crowd was hit. The third strikebreaker whipped up the horses and drove away followed by the mob. The police riot squad came up in automobiles and restored order. The scene of the outbreak was Belmont and West Washington streets, near the White river.

How Beaver Board is Put Up

## On New Walls or Old

THAT'S one of the 41 great advantages of Beaver Board. It can either be nailed direct to wall and ceiling beams, or put over old, cracked plaster walls. Wallpaper is not used in either case, as you get more beautiful, durable and sanitary results by nailing.

Beaver Board is easily and quickly put up, is very strong, makes a house warmer in winter, cooler in summer.

We can't begin to tell you all its merits here; but write us or call, and get full particulars.

Every honest physician and pharmacist must admit the value of its formula, which includes not only Sarsaparilla, but also those great Alternatives, Stillingia and Blue Flag; those great Anti-bilious and Liver remedies, Mandrake and Dandelion; those great Kidney remedies, Uva Ursi, Juniper Berries and Pipsissewa; those great Stomach Tonics, Gentian Root and Wild Cherry Bark; and other valuable agents.

With these potent ingredients combined in our own scientific proportions and by our own modern processes—Hood's Sarsaparilla possesses medicinal merit we believe unequalled in any other medicine.

## McLEAN HELD WITH FOWLER UNDER BAIL

The Men Indicted in the Campaign Soliciting Scandal Sur-render.

New York, Dec. 6.—The special grand jury, which Thursday indicted Arthur A. McLean, treasurer of the Democratic state committee, and Everett P. Fowler, the so-called "bag man," on the charge of receiving and soliciting campaign contributions from corporations, was prepared to listen to evidence yesterday afternoon against Thomas Hassett, former secretary to State Engineer Benzell, McLean and Fowler surrendered yesterday, preparatory to giving bail.

Both McLean and Fowler entered pleas of not guilty to the true bills and were admitted to bail by Justice Davis when arraigned in the criminal branch of the supreme court, following an argument made by Martin W. Littleton, counsel for Fowler, to have the first indictment filed against his client dismissed.

Stenographer, Who Sold Pint for \$100, Will Die Also.

Grand Rapids, Mich., Dec. 6.—Jacob Meyer, into whose veins a pint of blood from Clara E. Skinner, a stenographer, was transfused in an effort to save his life, is dead.

Skinner sold the pint of blood for \$100 to aid his wife and son.

## A Strike Decision.

Boston, Dec. 6.—A person who joins in a strike is not entitled to damages and has no right to complain if he is not employed again by the persons against whom he and his associates struck, according to an opinion rendered by Judge Loring of the supreme court. Judge Loring said that his ruling, which called both strike and black list legal, would have to be passed upon by the full bench of the court. The opinion was rendered in the suit of John Corneliier against the Haverhill Shoe Manufacturers' association, in which the defendant appealed from the ruling of a master that Corneliier was entitled to damages.

## Tells of Plant's Threat.

Boston, Dec. 6.—Sidney W. Winslow, president of the United Shoe Machinery Co., testified in the United States district court yesterday at the continuation of the dissolution proceedings against the company as an unlawful monopoly, that Thomas G. Plant threatened him with an attack in New York and Boston factories, in which the defendant appealed from the ruling of a master that Corneliier was entitled to damages.

## Won't Close Factory.

Pittsburg, Pa., Dec. 6.—The National Association of Window Glass Manufacturers, after a session here lasting from noon Thursday until early yesterday, defeated a proposition to close their factories during the month of January and left the entire matter in the hands of a committee which will investigate the trade situation.

## CHRISTMAS FOR CONGRESS

Prompt Passage of Currency Bill Is Expected

## REPUBLICANS FIND PROTEST USELESS

Much Good in the Bill Is Seen by Senator Weeks

Washington, Dec. 6.—Indications were strong yesterday that the Senate would pass the currency bill before the Christmas holidays, apparently with little modification from the draft agreed upon by the Democratic caucus. That is, it will be passed by the Senate; but it is doubtful whether it will get through conference by that time.

Senator Smoot, one of the Republican leaders, predicted that the measure would pass before the holidays, and Senator Sutherland, his colleague, said he saw no reason why it should not.

Democratic senators are being strongly pressed by the administration to hurry the bill. They say plainly that it is necessary to hurry it through on account of business and financial conditions and to relieve suspense. Most of the Republican senators say they do not intend to be put in the position of delaying the matter. They are aware that the Democrats seek to make capital out of the alleged purpose to block currency legislation, but declare they do not purpose to be caught in a trap of this kind. Some of them, in fact, say they are ready to vote at once.

Two hours' talk in the Senate, however, again prevented action on the Democratic resolution to fix 13-hour-a-day sessions on the bill.

Senator Bacon denied that there was any purpose to restrict debate or "exhaust the Senate," and Senator Williams repeated that the object of the program was to make the "talkers talk early, talk late and talk continuously until the talkers are talked out."

"We will not prevent debate," he shouted to the Republican. "You will get your stomachs full of debate. But you cannot make senators come here and listen. You cannot treat senators of the United States, free white, and 21, like a lot of schoolboys, and say, 'Buddy, here's your bench; sit on it.'"

Senators Sutherland, Gallinger, and Smoot vigorously disclaimed any intention to delay.

## PRESIDENT'S COLD BETTER.

But All Engagements Are Cancelled Until Monday.

Washington, Dec. 6.—President Wilson was reported as much improved in health yesterday. The cold in his head and throat was yielding to treatment and he was able to do a little work in his office in the White House proper. He was not well enough, it was said, to preside over the regular cabinet meeting, and it was therefore abandoned.

After Dr. Grayson examined President Wilson yesterday he said that his illness was a slight attack of la grippe. On his advice all engagements for the balance of the week were cancelled and the president will remain confined to the White House until Monday.

The physician said there was no cause for alarm in the president's condition. "We simply do not care to take any chances," he said.

## RELATIONS ARE FRIENDLY.

No Trade Conflict Between United States and France.

Paris, Dec. 6.—Adverse comment in both France and the United States upon the effect of the new American tariff on the trade of the two countries has caused the French foreign office to authorize Daniel Abel Chevalley, chief of the bureau for American affairs at the foreign office, to give expression to the government's view of the situation.

M. Chevalley did this in the course of the meeting of the Comite France-Americain on December 1, when in conversation with Myron T. Herrick, the United States ambassador, he said:

"You know personally what is the feeling and responsible opinion in this country toward yourself, your president and the United States. Nothing in the world that I know of can prevail against it."

As regards commercial interests, the new tariff, although it had needed and would still need friendly discussion, M. Chevalley continued, was far from having produced any bad effect on the commercial relations of the United States and France.

Although the United States sells much more to France than it buys, M. Chevalley said, the exportations from France to the United States had grown nearly 100 per cent. in the past five years and the imports 60 per cent. No market consequently was more worthy of attention than the French market for the United States, he argued, and this was reciprocal.

Above all, M. Chevalley declared, it must be born in mind that unreasonable customs regulations in the United States would only serve the real interests of both France and the United States.

Fortunately, he concluded, America and France were unwilling to be manoeuvred from inside against each other.

Portland, Me., Dec. 6.—An inspection of the ballots cast at the municipal election last Monday, which on the face of the returns gave Mayor Oakley C. Curtis, Democrat, the plurality of nine over Wilford D. Chapman, his Republican opponent, was begun yesterday by representatives of both candidates. Several days will be required to complete the task.

## "CASCARETS" FIX SOUR STOMACHS

Gently Move Acids, Gases and Clogged Up Waste from Stomach, Liver and Bowels While You Sleep.

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv.

## RUSSELL HEARING SET FOR DEC. 16

Master Pevey's Findings To Be Taken Up By Supreme Court—"Fresno Dan" Contract.

Boston, Dec. 6.—A hearing on the report of Master Gilbert A. A. Pevey in the Russell will case has been assigned for Tuesday, Dec. 16, by Judge Sheldon of the supreme court.

The assignment was made yesterday forenoon on motion of Robert W. Nelson, senior counsel for the Russell estate, for a hearing of motions to confirm the findings of Master Pevey and to have a decree entered in conformity therewith. William R. Scharton, counsel for "Dakota Dan," the claimant, who has lost twice in his efforts to establish his identity as Daniel Blake Russell, addressed the court, contending that certain motions that he had filed, seeking to have the master's report either rejected or recommitted, should first be argued, because he intended to contest the findings of the master on the ground that they were not constitutional.

Judge Sheldon accordingly set down for the hearing all matters in relation to the report.

Another item of interest, when the estate shall be finally distributed, is the contract between Senator George Cartwright of California and "Fresno Dan." According to testimony offered during the second trial, Senator Cartwright was to receive one-sixth of the share of "Fresno Dan" in case he inherited without litigation; and one-third in case of litigation. William Adin was Senator Cartwright's representative in Boston.

This contract, however, was made before "Fresno Dan" had been acknowledged by William Russell, and when it was supposed that if he inherited at all it would be under the terms of the will of Daniel Russell. He did not inherit under that will and whether he is still bound by his contract may become a matter for judicial decision.

## LIFE STORY IN TEN WORDS.

Oregon Senator Breaks Brevity Record in "Congressional Directory."

Washington, Dec. 6.—All records for brevity in autobiography in the "Congressional Directory" were broken yesterday by Senator Lane of Oregon, when he turned in his copy.

"Hurry Lane, Democrat, of Oregon. Term expires March 3, 1919."

This is the simple story of one senator's presence in that body told in fewer words than were ever employed before to tell it.

Senator Lane is not entirely void of a sense of humor. When asked at the end of a month's service in the Senate how he liked the work he replied: "Boys, I feel perfectly at home here. I used to be superintendent of the Oregon Insane Asylum before I was elected senator."

## SPORTING NOTES.

G. W. Angell of Syracuse, N. Y., has been elected captain of the football at Tufts for next season. Angell will be a senior next year. Previous to entering Tufts, Angell attended Dean academy, where he established an enviable record in football, basketball and baseball. At Tufts, Angell starred in all three of these branches. He plays at fullback on the football team and is rated as one of the best of the season. William Richardson of Fisher's Island, N. Y., opposed him.

The Federal league will be a great help to many of the players of the big league, who are holding out for more money. The new league is making enticing offers and many are being snapped up.

The Boston Nationals have already signed up 34 men to carry on their books. Not all of these will make the spring trip though.

Manager Frank Chance of the Highlanders has decided to take Outfielder Bill Holden south with him in March. Holden went to New York last season from New London and showed quality as a batsman and as an outfielder. But he seemed slow on the bases and, therefore, last favor with Manager Chance. Chance, however, has come to the conclusion that Holden is entitled to another trial and will try to improve his base running in the South. Holden batted for over 300 in the American league and his fielding was good. Chance will have Holden, Cook, Walsh, Gilhooly, Hartzell, Cree and Wolter trying for outer positions. At present Wolter and Cree seem booked to go elsewhere.

There is a move on foot by Fred Clarke to secure Joe Tinker for his Pirates. Fred Clarke and Tinker met recently. Should Clarke be able to get Tinker he would shift Wagner over onto first base and replace him with Tinker. For years Clarke has been handicapped by the lack of a good first baseman. Should this deal pull through, his infield will be one of the strongest in either league.

Jack Engerth, captain of the University of Michigan nine, has signed up to play with the St. Louis Cards.

George Mullin, the old Detroit pitcher, has ended his days as an active baseball player. He is now an entry clerk in the county treasurer's offices at Detroit.

The report was current that Artie Shafer, the star infielder of the Giants, would not report in the spring, but recently the handsome one discredited the rumor by announcing that he had one more year under his present contract and would be the first one to report at Marlin Springs next spring.

Not a Dartmouth player appears on the New York Sun's selection for an All-American football team. Their selection was as follows: Ends, Fritz, Cornell, and Merrill, Army; tackles, Ballin, Princeton, and Talbot, Yale; guards, Penneck, Harvard, and Brown, Navy; center, Marfyng, Yale; quarterback, Huntington, Colgate; halfbacks, Guyon, Indians, and Mahan, Harvard; fullback, Brickley, Harvard.

Fortunately Charlie Daly was reinstated to the army and placed on duty at West Point. Otherwise the West Pointers would have been in the same doldrums as during the past four years. And again, Daly will probably be retained for many more seasons to drive the cadets into line for the big navy game.

After many weeks, Demers and La-Croix have given their assent to play with the French Catholic association quintet at St. Johnsbury. These two players are in themselves a whole team and rank among the very best players in the state and northern New England.
